

ADMINISTRATION (Series 300)

300 ROLE OF SCHOOL DISTRICT ADMINISTRATION

In this series of the board policy manual, the board defines the role and the employment of school district administrators. Policies in the 400 Series, "Employees," also apply to administrators unless a more specific policy exists in the 300 Series, "Administration."

School district administrators have been given a great opportunity and responsibility to manage the school district, to provide educational leadership, and to implement the educational philosophy of the school district. They are responsible for the day-to-day operations of the school district. In carrying out these operations, the administrators are guided by board policies, the law, the needs of the students, and the wishes of the citizens in the school district community.

It is the responsibility of the administrators to implement and enforce the policies of the board, to oversee employees, to monitor educational issues confronting the school district, and to inform the board about school district operations.

While the board holds the superintendent ultimately responsible for these duties, the principals are more directly responsible for educational results, for the administration of the school facilities and for the employees.

The board and the administration will work together to share information and decisions under the management team concept.

301.1 MANAGEMENT

The board and the administrators will work together in making decisions and setting goals for the school district. This effort is designed to obtain, share, and use information to solve problems, make decisions, and formulate school district policies and regulations.

It is the responsibility of each administrator to fully participate in the management of the school district by investigating, analyzing, and expressing their views on issues. Those board members or administrators with special expertise or knowledge of an issue may be called upon to provide information. Each board member and administrator will support the decisions reached on the issues confronting the school district.

The board is responsible for making the final decision in matters pertaining to the school district.

It is the responsibility of the superintendent to develop guidelines for cooperative decision-making.

301.2 MANAGEMENT TEAM

The board and the administration of the school district believe in and endorse the concept of “team Management.” This is an expression of the commitment to the belief that participatory management will result in comprehensive and efficient solutions to local educational concerns.

Decisions made by the management team in a collaborative way have more quality due to the inclusion of diverse approaches and greater quantity of informational input. There is more understanding of the decision and its rationale and a great commitment to the solution by team members. Group decision making improves the cohesiveness of attitudes, and favorable attitudes tend to be associated with high productivity.

The administrative team consists of the superintendent, the building principals, assistant principal and any other employees assigned administrative responsibilities whose day-to-day functions include the recruitment, the evaluation, and the recommendation of release and retention of employees.

The management team is more encompassing than the administrative team and includes all members of the board and the administrative team.

The board is responsible for making the final decision in all matters pertaining the school district policy. The board delegates the responsibility for the operation of schools to the superintendent and hence to other school administrators.

The superintendent is the chief executive officer for the board and the leader of the administrative team. These two roles are joined as the superintendent convenes meeting of the management team to discuss district policy development, administrative procedures and other matters as shall be brought to the superintendent’s attention or which the superintendent deems appropriate. The management team shall convene from time to time when the board or the superintendent calls a meeting.

All members of the administrative team are accountable to the superintendent for their performance. All administrators are responsible for administering their areas of operation as defined by board policy and in keeping with the goals and objectives of the school district. The building administrator is responsible for administering an educational unit in accordance with the individual’s management document.

All members of the management team have the responsibility for exercising full expression during the decision-making process which leads to recommendations for board action on policy matters. Those members of the team who shall be directly affected by the team’s action shall be specifically called upon to provide the team with necessary information as well as their professional judgment as to the effects of the various proposed actions. An attempt will be made by all team members to reach mutual agreement on areas discussed.

Guidelines for implementation of this policy shall be a primary management team concern. These guidelines shall include, but not be limited to, the following:

- Procedures for convening the team;
- Procedures for implementing in-service management team training;
- Procedures for establishing team evaluation;
- Procedures for establishing administrator benefit concerns;
- Procedures for establishing administrator evaluation; and
- Procedures for implementing goals and objectives of the school district.

The goal of the superintendent's formal evaluation is to ensure the education program for the students is carried out, promote growth in effective administrative leadership, clarify the superintendent's role, clarify the immediate priorities of the board, and develop a working relationship between the board and the superintendent.

The superintendent will be an educational leader who promotes the success of all students by:

Board members are encouraged to communicate their criticisms and concerns to the superintendent in the closed session. The board president will develop a written summary of the individual evaluations, including both the strengths and the weaknesses of the superintendent, and place it in the superintendent's personnel file to be incorporated into the next cycle of evaluations.

An administrative position is considered full-time employment. The board expects administrators to give the responsibilities of their positions in the school district precedence over other employment. An administrator may accept consulting or outside employment for pay as long as the administrator notifies the superintendent and, in the judgment of the board and the superintendent, the work is conducted on the administrator's personal time and it does not interfere with the performance of the administrative duties contracted by the board.

The board reserves the right, however, to request the administrator cease the outside employment as a condition of continued employment. The board will give the administrator thirty days notice to cease outside employment.

The board shall consider the relative skills, ability, competence, experience, effectiveness, and qualifications of the administrators to do the available work, as well as other factors deemed relevant by the board in making reductions in administrative positions.

308 SUCCESSION OF AUTHORITY TO THE SUPERINTENDENT

In the absence of the superintendent, it is the responsibility of the other administrators to assume the superintendent's duties. The succession of authority to the superintendent is in this order: an administrator in the district with superintendent licensure, followed by an administrator designated by the board.

If the absence of the superintendent is temporary, the successor will assume only those duties and responsibilities of the superintendent that require immediate action. If the board determines the absence of the superintendent will be a lengthy one, the board will appoint an acting superintendent to assume the responsibilities of the superintendent. The successor will assume the duties when the successor learns of the superintendent's absence or when assigned by the superintendent or the board.

References to "superintendent" in this policy manual will mean the "superintendent or the superintendent's designee" unless otherwise stated in the board policy.

309 COMMUNICATION CHANNELS

Questions and problems are resolved at the lowest organizational level nearest to the complaint. School employees are responsible for conferring with their immediate supervisor on questions and concerns. Students and other members of the school district community will confer with a licensed employee and then with the principal on questions and concerns.

If resolution is not possible by any of the above, individuals may bring it to the attention of the superintendent within 5 school days of their discussion with the principal. If there is no resolution or plan for resolution by the superintendent within 10 school days of the individual's discussion with the superintendent, the individual may ask to have the question or problem placed on the board agenda.

It will first be the responsibility of the administrators to resolve questions and problems raised by the employees and the students they supervise and by other members of the school district community.
