Our usual M.A.Y. holiday activity had to be altered this year due to Covid—like so many things!

Some of our mentors and mentees were still able to enjoy some activity together. On December 1, mentors scheduled times to come to the outdoor deck of Kim Leininger, Mentoring Coordinator, for some hot chocolate and decorated sugar cookies from the Sanctuary!

Then they took with them several craft kits to make and return to Kim for nursing home residents. They also took a scavenger hunt list to find and, if returned, receive a prize!

While not the same as all gathering together it was a fun alternative! Thanks to those who were able to participate!
