## Links to LNX e-mentoring

9th Grade Language Arts I students have been sending e-mail messages to their e-mentors since the beginning of the school year, starting in September, however we are just getting started with some of our additional components to e-mentoring.

In February students saw and heard virtual speaker Mike Bauer, First National Bank. Mike's talk was on "Life Lessons." Mike shared some of his suggestions for students based on some of the things he has learned in life. Students were given questions as options to give written responses.

Mike is a Links to LNX Advisory Committee Member and is the KEY adult leader in our MC<sup>2</sup> club.

March 12 we will have LIVE speaker, Chelsie Greene, Midwest Mental Health, speak in the High School Auditorium during power hour (12:20 p.m.). Chelsie is a former M.A.Y. Mentee. She is a M.A.Y. Mentor, a M.A.Y. Advisory Board Member, and a Links to LNX e-mentor. Students will be given questions again to give written responses but we will also invite e-mentors to this talk and will have small group discussion based on Chelsie's talk.

## NEW M.A.Y. MENTORS—THANK YOU!

### **We are thrilled to gain the above 6 mentors!**

We do, however, still need more MEN to mentor some great young middle school guys who need a strong, positive role model. We have several young men who like sports and doing things outdoors.

We also have a young lady who would like to learn more about horses.

One hour a week can do amazing things! Please consider MENTORING!

M.A.Y. Mentoring is Certified through the Iowa Mentoring Partnership. The IMP is excited to unveil their new name and logo. The “Iowa Mentoring Partnership” will remain their legal name but they will be transitioning over the next few months to “Iowa Mentor.” This new look:

- Acknowledges the IMP affiliation with the national mentoring movement of MENTOR national and the MENTOR affiliate network.
- Adopts the “Building Block Heart” logo of MENTOR as the heart of the mentoring movement, with many colors depicting the diversity of the network, and building blocks representing the supportive structure the organization provides for mentoring.
- Aligns their brand with MENTOR National to take full advantage of the relationships and resources MENTOR has developed in support of the Mentoring Movement.
