

Nurses Aide Certification

The Nurse Aide Certificate program of study is designed to place students into the workforce upon completion of this certificate. The certificate program prepares students for entry-level jobs in healthcare as nurse aids in hospitals, clinics, and other healthcare facilities. The national job market for nurse aids is large and growing steadily, with more opportunities for nurse aides in nursing care facilities than in hospitals.

Courses are offered onsite with SHS staff and/or with IWCC staff

HSC-113 Medical Terminology	(1 HS credits & 2 College Credits) Spring 2023
HSC-172 Nurse Aide	(1.5 HS credits & 3 College Credits) Fall 2022/Spring 2023
Internship - Optional	(1 HS credits per semester)
Apprenticeship - Optional	(1 HS credits per semester)

Nursing: Advanced Nursing Assistant Certificate

The Advanced Nursing Assistant Certificate program of study is designed to place students into the workforce upon completion of this four-month certificate. The certificate program prepares students for entry-level jobs in healthcare as nurse aids in hospitals and long-term healthcare or assisted living facilities. The national job market for nurse aids is large and growing steadily, with more opportunities for nurse aids in nursing care facilities than in hospitals.

Courses are offered onsite with SHS staff and/or with IWCC staff
